PROGRAM DESCRIPTIONS

Armchair Travel: A Journey to King Arthur's Court : Join us as we examine the origins of the King Arthur mythos, how it evolved over time, regional variations of the tale, and the places connected to the legend.

Ask a Reference Librarian: A reference librarian will be available to assist patrons and answer questions.

Creating Postcards in CANVA: Join us for a class in which we create a postcard on Canva! We will discuss the basics of the website; practice utilizing templates, colors, fonts; and download our finished product.

Genealogy Time: Whether you're new to genealogy research or just can't find anything on that elusive ancestor, the genealogy librarian can help! Register online, and the genealogy librarian will call to schedule your 30-minute one-on-one appointment.

Getting Started with Newspaper Databases: Join us for a demonstration on how to access historic newspapers through our library databases. Feel free to bring a laptop, tablet, or smartphone to follow along.

Microsoft Excel Basics: A reference librarian will present how to create spreadsheets, input formulas, format words & numbers, and more using Microsoft Excel.

Microsoft Word Basics: A reference librarian will present how to create documents, format text, and more using Microsoft Word.

Tech Time: Come to the library for one-on-one help with your technology questions.

The Role of Archives in Cultural Preservation (Tulane University Special Collections, Leon Miller): Leon Miller will discuss the essential role that archives have played in democratic societies and will guide us in exploring the extensive holdings of the Tulane University Special Collections (TUSC). This program is available in-person and virtually.

Explore Data Axle: The Leading Business and Consumer Data Resource
FREE with your STPL Library Card!

Data Axle, formerly called ReferenceUSA, brings together the right data, services, and technology to help you grow your business goals and to expand your marketing research efforts. It includes small local businesses as well as national companies. Data Axle provides deeper insights into demographics, firmographics, and lifestyle traits of businesses and consumers.

These are just a few things Data Axle can help you accomplish:

- Find jobs by job skills, location, and industry
- Find business opportunities
- Locate companies nationwide
- Research business executives

- View historical market trends
- Track down addresses and phone numbers
- Discover news articles for research
